

2022 LEGISLATIVE PRIORITIES

We're not partisan, but we are passionate in our mission to build strong cities for a stronger West Virginia.

As the session progresses, we will send out updates and legislative alerts. We need your voice reminding your representatives of matters that are important to local government and how their actions will impact your community.

The West Virginia Municipal League Legislative Committee has identified these legislative priorities:

Clarification of several liability for municipalities*

Amendments to Municipal Court payment plans*

**LOCAL
DEMOCRACY
WORKS**

STOP STATE INTERFERENCE

Local Democracies Work! Remind your delegates and senators that you are elected by the same people who elected them, and that voters view local government as their best opportunity to get what matters to them done. When state legislators prevent local communities from passing laws or strike down local laws, they silence the voices of the people.

* Detailed information on legislative priorities is available by emailing seconomou@wvml.org.
